

BirthDiva™ Star Client - July 2008

Trey and Dominique Taylor

Baby Zac Talor – Born: April 25, 2008

1. How did the BirthDiva™ doula impact your birth experience?

I credit our natural childbirth to Shayla. While we felt well prepared as a result of the classes we had had with Shayla, we wanted someone who had more experience than us with us. I think we probably would not have endured as we did had we not had Shayla's support and patience. Shayla gave us the strength and confidence we needed to persevere.

2. How satisfied were you with your birth experience?

We were completely satisfied because we were able to have a natural childbirth!

3. Why is it important to consider the use of a doula or Why did you decide to use a doula?

We think it's important because as much preparation as you do, this is still the first (or second, or third) time you're experiencing this. A doula has so much more experience and knowledge that can help you through the process. That support and knowledge is invaluable.

4. Why did you choose BirthDiva, LLC?

Honestly, the name appealed to us! And the approach and method made sense and connected with what we wanted to do.
